Board of Trustees Cathy O'Connor, President Geri Kenfield, Chief Financial Officer Oklahoma City Redevelopment Authority 105 N. Hudson Avenue, Suite 101 Oklahoma City, OK 73102

We are pleased to confirm the arrangements of our engagement and the nature of the services we will provide to the Oklahoma City Redevelopment Authority (the Authority).

Engagement Objectives and Scope

We will audit the basic financial statements of the Authority as of and for the year ended June 30, 2014, and the related notes to the financial statements.

Our audit will be conducted with the objectives of the following:

- Expressing an opinion on the financial statements
- Issuing a report on your compliance based on the audit of your financial statements
- Issuing a report on your internal control over financial reporting based on the audit of your financial statements

Our Responsibilities

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by fraud or error. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to error or fraud. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance having a direct and material effect may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS.

In making our risk assessments, we consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit. Also, in the future, procedures could become inadequate because of changes in conditions or deterioration in design or operation. Two or more people may also circumvent controls, or management may override the system.

We are available to perform additional procedures with regard to fraud detection and prevention at your request, subject to completion of our normal engagement acceptance procedures. The actual terms and fees of such an engagement would be documented in a separate letter to be signed by you and BKD.

Chad Moore, Partner, is responsible for supervising the engagement and authorizing the signing of the report or reports.

We will issue a written report upon completion of our audit of the Authority's financial statements. Our report will be addressed to the Board of Trustees of the Authority. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion, add an emphasis of matter or other matter paragraph(s), or withdraw from the engagement. If we discover conditions that may prohibit us from issuing a standard report, we will notify you as well. In such circumstances, further arrangements may be necessary to continue our engagement.

We will also express an opinion on whether Management Discussion and Analysis (supplementary information) is fairly stated, in all material respects, in relation to the financial statements as a whole.

Your Responsibilities

Our audit will be conducted on the basis that management and, where appropriate, those charged with governance acknowledge and understand that they have responsibility for the following:

- 1. The preparation and fair presentation of the financial statements in accordance with GAAS
- 2. The design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
- 3. For identifying and ensuring compliance with the laws, regulations, contracts and grants applicable to your activities
- 4. To provide us with the following:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation and other matters
 - b. Additional information that we may request from management for the purpose of the audit
 - c. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence

As part of our audit process, we will request from management and, where appropriate, those charged with governance, written confirmation acknowledging certain responsibilities outlined in this engagement letter and confirming:

- The availability of this information
- Certain representations made during the audits for all periods presented
- The effects of any uncorrected misstatements, if any, resulting from errors or fraud aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole

The results of our tests of compliance and internal control over financial reporting performed in connection with our audit of the financial statements may not fully meet the reasonable needs of report users. Management is responsible for obtaining audits, examinations, agreed-upon procedures or other engagements that satisfy relevant legal, regulatory or contractual requirements or fully meet other reasonable user needs.

With regard to supplementary information:

- Management is responsible for its preparation in accordance with applicable criteria
- Management will provide certain written representations regarding the supplementary information at the conclusion of our engagement
- Management will include our report on this supplementary information in any document that contains this supplementary information and indicates we have reported on the supplementary information
- Management will make the supplementary information readily available to intended users if it is not presented with the audited financial statements.

Other Services

We will provide you with the following nonattest services:

• Preparing a draft of the financial statements and related notes

In addition, we may perform other services for you not covered by this engagement letter. You agree to assume full responsibility for the substantive outcomes of the services described above and for any other services that we may provide, including any findings that may result. You also acknowledge that those services are adequate for your purposes and that you will establish and monitor the performance of those services to ensure that they meet management's objectives. Any and all decisions involving management functions related to those services will be made by you, and you accept full responsibility for such decisions. We understand that you will designate a management-level individual to be responsible and accountable for overseeing the performance of those services, and that you will have determined this individual is qualified to conduct such oversight.

Engagement Fees

The fee for our services will be \$16,770. Our fees are based upon the understanding your personnel will be available to assist us and our work can be performed within the period June 15, 2014 to August 15, 2014. Assistance from your personnel is expected to include:

- Helping to resolve any differences or exceptions noted

We will provide you with a detailed list of assistance and schedules required and the date such assistance and schedules are to be provided before the audit begins. All schedules should be provided in electronic form unless indicated otherwise.

Our timely completion of the audit depends on your timely and accurate schedule and analyses preparation and on the availability of your personnel to provide other assistance. If there are inaccuracies or delays in preparing this material, or if we experience other assistance difficulties that add a significant amount of time to our work, our fees will increase. If these circumstances occur, we will promptly notify you to discuss alternative solutions and the impact on our fees.

Our pricing for this engagement and our fee structure are based upon the expectation that our invoices will be paid promptly. We will issue progress billings during the course of our engagement, and payment of our invoices is due upon receipt. Interest will be charged on any unpaid balance after 30 days at the rate of 10% per annum.

Our engagement fees do not include any time for postengagement consultation with your personnel or third parties, consent letters and related procedures for the use of our reports in offering documents, inquiries from regulators or testimony or deposition regarding any subpoena. Charges for such services will be billed separately.

Our fees may also increase if our duties or responsibilities are increased by rulemaking of any regulatory body or any additional new accounting or auditing standards. We will consult with you in the event any other regulations or standards are issued that may impact our fees.

If our invoices for this or any other engagement you may have with BKD are not paid within 30 days, we may suspend or terminate our services for this or any other engagement. In the event our work is suspended or terminated as a result of nonpayment, you agree we will not be responsible for any consequences to you.

Other Engagement Matters and Limitations

Our workpapers and documentation retained in any form of media for this engagement are the property of BKD. We can be compelled to provide information under legal process. In addition, we may be requested by regulatory or enforcement bodies to make certain workpapers available to them pursuant to authority granted by law or regulation. You agree that we have no legal responsibility to you in the event we provide such documents or information.

You agree to indemnify and hold harmless BKD and its personnel from any claims, liabilities, costs and expenses relating to our services under this agreement attributable to false or incomplete representations by management, except to the extent determined to have resulted from the intentional or deliberate misconduct of BKD personnel.

You agree that any dispute regarding this engagement will, prior to resorting to litigation, be submitted to mediation upon written request by either party. Both parties agree to try in good faith to settle the dispute in mediation. The American Arbitration Association will administer any such mediation in accordance with its Commercial Mediation Rules. The results of the mediation proceeding shall be binding only if each of us agrees to be bound. We will share any costs of mediation proceedings equally.

Either of us may terminate these services at any time. Both of us must agree, in writing, to any future modifications or extensions. If services are terminated, you agree to pay us for time expended to date. If any provision of this agreement is declared invalid or unenforceable, no other provision of this agreement is affected and all other provisions remain in full force and effect.

This engagement letter represents the entire agreement regarding the services described herein and supersedes all prior negotiations, proposals, representations or agreements, written or oral, regarding these services. It shall be binding on heirs, successors and assigns of you and BKD.

We may from time to time utilize third-party service providers, *e.g.*, domestic software processors or legal counsel, or disclose confidential information about you to third-party service providers in serving your account. We remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures and safeguards to protect the confidentiality of your information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information. We will, at our discretion or upon your request, deliver financial or other confidential information to you electronically via email or other mechanism. You recognize and accept the risk involved, particularly in email delivery as the Internet is not necessarily a secure medium of communication as messages can be intercepted and read by those determined to do so.

You agree you will not modify these documents for internal use or for distribution to third parties. You also understand that we may on occasion send you documents marked as draft and understand that those are for your review purpose only, should not be distributed in any way and should be destroyed as soon as possible.

If you intend to include these financial statements and our report in an offering document at some future date, you agree to seek our permission to do so at that time. You will also provide us with a copy of the final reproduced material for our approval before it is distributed. Our fees for such services are in addition to those discussed elsewhere in this letter.

You agree to notify us if you desire to place these financial statements or our report thereon along with other information, such as a report by management or those charged with governance on operations, financial summaries or highlights, financial ratios, etc., on an electronic site. You recognize that we have no responsibility as auditors to review information contained in electronic sites.

Any time you intend to reference our firm name in any manner in any published materials, including on an electronic site, you agree to provide us with draft materials for our review and approval before publishing or posting such information.

This Agreement sets forth the terms and conditions by which these parties agree to provide certain public and site improvements related to the development of the GE Oil & Gas Technology Center near NE 10th Street and Central Avenue, Oklahoma City, Oklahoma.

WITNESSETH:

WHEREAS, The City and OCEDT have determined that it is in the best interest of The City and its citizens to promote, and when deemed appropriate, fund economic and community development/redevelopment through its Strategic Investment Program ("SIP") and where possible, to make public infrastructure improvements necessary to attract new private investment and the creation of quality jobs in Oklahoma City; and

WHEREAS, OCEDT is a public trust whose sole beneficiary is The City of Oklahoma City, and OCEDT has a mission to promote and assist The City with economic and community development/redevelopment projects; and

WHEREAS, on September 2012, the City and OCEDT adopted the revised Oklahoma City Strategic Investment Program, which program sets forth the general criteria for the use of the City's \$75,000,000 General Obligation Bond – Limited Tax authorization approved by the voters of Oklahoma City in December 2007, to fund local community and economic development incentive programs; and

WHEREAS, the SIP authorizes the use of the bond proceeds to fund the design and construction of infrastructure improvements needed to promote, encourage, and incentivize private economic development opportunities; and

WHEREAS, the primary objective of the SIP is to create economic vitality by capturing the opportunity to stimulate a combination of public and private redevelopment investment activities to enhance and maximize the investments made by the City in public infrastructure improvements; and

WHEREAS, the Municipal and County Industrial Development Bonds Act ("the Act"), 62 Okla.Stat. §§ 800, *et seq.*, authorizes the use of proceeds from the sale of the general obligation bonds to be used to fund public infrastructure improvements associated with economic and community development opportunities consistent with the goals of the SIP; and

WHEREAS, the Oklahoma City Urban Renewal Authority ("OCURA"), in accordance with the urban renewal plan, has assembled property located near NE 10th and Central Avenue,

Oklahoma City, Oklahoma that has been chosen by the General Electric Company as the site for redevelopment to be the home of the GE Oil & Gas Technology Center; and

WHEREAS, in order to secure the commitment of General Electric Company to locate its Technology Center on the project site currently owned by OCURA, a commitment was made to secure funding to make improvements to public infrastructure in and around the project site; and

WHEREAS, OCURA has advised, and the City and OCEDT have determined that the Oklahoma City Redevelopment Authority ("OCRA") can cause the required public improvements to be designed and constructed, on behalf and with the assistance of OCURA, with support from the City and OCEDT from the funding available under the SIP; and

WHEREAS, OCRA has requested an allocation of \$750,000 in funds from the SIP to be used for the purpose of constructing the public infrastructure improvements (the "Project") needed to attract General Electric Company to build its Oil & Gas Technology Center on the OCURA property near N.E.10th Street and Central Avenue in Oklahoma City, Oklahoma(the "Site"); and

WHEREAS, the request made by OCRA is consistent with the criteria established by the City and OCEDT in the SIP; and

WHEREAS, the Project presents an opportunity to promote and assist further economic and community development/redevelopment necessary for the creation of quality jobs and for the encouragement of private development in Oklahoma City; and

WHEREAS, the Project meets the objectives of the SIP and the commitment to incentivize measures designed to attract, locate, retain, and expand other quality investments, businesses, employers and residents to Oklahoma City; and

WHEREAS, The City and OCEDT find that the Project, as set forth in this Agreement, is in the public interest and serves an important public purpose.

NOW, THEREFORE, in consideration of the premises and mutual obligations of the parties hereto, each of them does hereby covenant and agree with the other as follows:

ARTICLE I. Design and Construction of Public Infrastructure Improvements Project:

A. OCRA agrees that it will cause the design and construction of public infrastructure improvements to be made to the Site and surrounding public right of way and easements required to secure the commitment of General Electric Company to locate its Oil & Gas Technology Center on the Site. OCRA may work with OCURA to oversee, administer, and/or carry out the Project. The public infrastructure improvements to be made shall include, but not be limited to: demolish and remove existing streets, relocate utilities, reconstruct a two-block portion of Stiles Avenue as a boulevard, and based on available funds after construction, provide development financing assistance for structured parking

facilities on the Site.

- B. OCRA agrees that after award of a professional services contract for the design and/or engineering of the public improvements it will submit an invoice to the Economic Development Project Manager for the costs associated with the design and engineering services, OCRA will be responsible for any professional service fees owed to the selected design and engineering firm in excess of the \$750,000.
- C. OCRA further agrees that after the award of a construction contract, it will submit invoices, on a periodic basis to the Economic Development Project Manager for the construction costs incurred by OCRA. Each invoice will be accompanied by supporting documentation of the costs. OCEDT agrees to reimburse OCRA for construction costs up to an amount not to exceed \$750,000 less any amount invoiced for the professional services funded under paragraph B above.
- D. OCRA agrees to first fund the construction costs or professional service design/engineering costs from any economic development assistance grants.
- E. If any amount of the \$750,000 remains after paying for the costs associated with paragraphs B and C above, OCRA, upon submittal of supporting documentation to the Economic Development Project Manager may request that the balance of any funds be used to provide assistance in development financing for any parking structures constructed on the OCURA property, provided that such parking structures are used for the parking needs of the GE Oil and Gas Technology Center.
- E. Invoices shall meet the standards established by the City's Economic Development Project Manager. The Project Manager shall process the invoices for payment within 14 days of receipt.
- F. The parties agree that the total incentive to be provided by OCEDT for the Project will not exceed \$750,000.
- G. OCRA agrees to provide periodic updates to the Project Manager regarding the progress of the renovation project and to designate a spokesperson to attend Trust or City Council meetings, as reasonably requested by the Project Manager, and to allow the Project Manager to make inspections of the premises at reasonable times through the Project for purposes of determining compliance with this Agreement.
- E. The parties recognize and agree that the incentive provided herein is being made by OCEDT, on behalf of The City, based in part on OCURA's agreement to make certain public infrastructure improvements required to secure the commitment of General Electric Company to locate its Oil & Gas Technology Center on the Site near N.E. 10th Street and Central Avenue, as depicted in Exhibit A, and in part, on OCRA's agreement to use the incentive for the purposes stated herein.
- F. The parties hereby agree and acknowledge that Mr. Brent Bryant is designated as the

Project Manager of the Oklahoma City Economic Development Trust. The Trust Manager reserves the right to name or designate a different Project Manager upon notice to the Authority, in his or her sole discretion.

Ref: BKD, LLP Internal Control Testing

At the January 15, 2014 meeting, the Board of Trustees requested that testing of internal controls related to the financial reporting process be reviewed prior to June 30, 2014. BKD, LLP performed interim testing in April 2014 and provided the following updates regarding the findings noted in the 2013-2014 financial statement audit. The 2013-2014 financial statement audit is currently in progress.

The findings as noted in the GAGAS report were 2013-01 and 2013-02 (material weaknesses) and 2013-03 as a significant deficiency.

Finding 2013-01 - No review performed of journal entries made to general ledgers, failure to balance all fund ledgers and failure to record certain revenue and expense accruals.

<u>Up-date:</u> As of our testing date, journal entries were being reviewed under the old accounting system, however once the information was transferred to the new accounting system the entries are being posted by the CFO. Going forward the CFO will prepare the entries and have someone else post the entries to the new system. All fund ledgers are in balance. The final item from the finding, recording certain revenue and expense accruals, will have to be tested at year-end cannot be reported on at this time.

Finding 2013-02 – The Authority relies upon calculations provided by payers of certain major revenue sources, rather than performing some sort of independent verification.

<u>Up-date:</u> As of our testing date, this was still in process. Information is still being gathered from the third parties to verify certain attributes of calculations and obtaining audited financial statements.

Finding 2013-03 – The Authority had incompatible duties within the cash receipts cycle.

<u>Up-date:</u> As of our testing date, this has been remediated. The duties have been realigned to ensure proper separation and reviews are in place.
